BPR-TTC capability

- 20 Litre rotary evaporator
- Wet chemistry laboratory with walk in fume hood
- 50 Litre jacketed glass reactor
- 1000 litre drum blender
- Twin screw extruder and film forming line
- Pulp and Paper equipment
- Office
- Two deck vibrating sieve
- Hot press for biocomposites production
- Pre press
- Hot press for biocomposites production
- Office
- Steam boiler
- Wet fractionation line
- Summer 2012
- Pressurised refining of biomass
