

Life Cycle Analysis Seminar

From plants to products
O blanhigion i gynhyrchion

Tuesday February 25th 2014

Free Half day seminar on Life-Cycle Analysis (LCA) and Process Optimisation

INVITATION

Presented by: **Trisha Toop and Campbell Skinner**

Learn:

-  About lifecycle analysis and techno-economic analysis.
-  The key benefits these techniques can bring to your company.
-  Understand what data will be required in order to complete an analysis.
-  The key stages and decision points.
-  The type of output you can expect.

Who should attend?

Product designers and developers,
environmental and sustainability
professionals, production managers,
SME managers and directors working in
the bio-based or green
technology sectors.

BEACON has been part funded by the European Regional Development Fund through the Welsh Government. It focuses on the development of a viable Welsh bio-economy through the expansion of green supply chains. The project is run by three universities: Aberystwyth University, Bangor University and Swansea University.
